

TERMS & CONDITIONS OF QUOTATION

Thank you for the opportunity to present our quotation to your company. For over 50 years OGS Industries has provided OEM's with components that meet their requirements.

ITAR Registered
Certified to: ISO 9001, ISO 14001, IATF 16949, AS9100

Buyer's offer resulting from seller's quotation is expressly conditioned upon Buyer's assent to Seller's standard Terms and conditions found at www.ogsindustries.com. All orders will be subject to acceptance on Seller's standard sales order acknowledgement form by Seller's appropriate order entry location.

US Military / Aerospace / Proprietary Parts: As a global company operating in the United States, OGS Industries is governed by US export control rules and regulations regarding the export and/or re-export of products, spare parts, accessories, software, training materials and technical data. It is the policy of OGS Industries that under no circumstances will sales be made contrary to U.S. export control laws and regulations or the policies and procedures of OGS Industries own Export Management and Compliance Program.

Where possible, CAD files are requested with your purchase order.

Level 3 PPAP / First Article	As quoted, upon request
-------------------------------------	--------------------------------

Standard Certification of Conformance	No Charge
--	------------------

Contains basic information: customer name, customer purchase order number, part number, revision level, quantity shipped, part description, lot/bin, and material PO number. Must be requested on your PO at time of order.

Export Documentation	As Quoted
-----------------------------	------------------

All export documentation required per 15 CFR parts 300-799 and related Automated Export Filing Requirements will be quoted at an additional cost.

Specialty Certification of Conformance	\$20.00
---	----------------

Contains basic information as on the standard certificate of conformance plus any additional information required by the customer such as: Material specifics (type of material, heat numbers, material supplier, etc.), DFAR statement, Government contract numbers & associated information, drawing number, any other customer specified information above and beyond the standard certification callout. Customer provided forms fall under this provision also.

TERMS & CONDITIONS OF QUOTATION

Chemical/Physical (Material) & Process Certifications	\$35.00 per line item
--	------------------------------

Copy of the certifications provided by our raw material suppliers and outside process vendors. Mill certifications quoted as requested and at an additional charge.

Bank Wire Transfer Fee/ACH (<i>Originating Outside the US Only</i>)	\$25.00
--	----------------

Fee for receiving a wire transfer fee from your bank located outside the US for payment for an order (in addition to any fees your bank charges to you). There is no charge for ACH payments for banks that are located within the US.

Credit Card Payments	3% of order total
-----------------------------	--------------------------

Charge for paying for order via Visa or MasterCard (OGS does not accept any other credit cards)
